Division officer of French Rocks in
 his letter no: 56 of the 24th August 1899
 (Copy enclosed) has now applied
 for a grant of Rs 10,000/- owing to
 rain having ^{been} withheld in the
 taluks of the District including
 those of the Sub-division. Agricul-
 -tural operations have come to a
 stand still and much inconveni-
 -ence is experienced by many
 villagers for want of drinking water.
 My recent tour in the northern
 Taluks of the District has convinced
 me that immediate relief in the shape
 of wells has to be afforded to them

I therefore beg that a sum of
Rs 25,000/- may kindly be sanctioned
from Local Funds General for ex-
cavating drinking water wells, and
for completing the incomplete works
in progress. If my proposal meets
with the approval of Government
I intend spending the whole amount
for the purpose and thus give
employment to the labouring
classes in each village as the works
will be entrusted for execution to
the Patels. This amount together with
sum of Rs 3,000/- which I have
pled for for village sanitation
will be enough to keep the class of-

submitted the present application if funds were available from District Funds for undertaking the works in question. I therefore request that you will be so good as to obtain the earliest possible sanction of Government for a grant of Rs 25,000/- from the Local Funds General for the whole District to enable me to put the works in hand early.

Dated 24th / 25th August 1899

From,

The Sub-division officer
French Rocks.

To,

The Deputy Commissioner
Mysore district.

Sir,

I have the honour to state that till now there have been very little or no rain in the Taluk of the Sub-division and I propose taking this opportunity for sinking wells in the villages where there is scarcity of water. I have obtained lists from the Taluk showing the approximate amount required for each well. I would request you to kindly obtain same

Sanction of Government for the
grant of Rs 10,000/- from Local Funds
General at a very early date

2. These works will at once be
started as the agricultural opera-
tions are at a stand still owing
to the failure of rains and a large
number of Waddars and others
are without employment

3. The extract from the Local
Fund Board's Proceedings dated 12th
instant is herewith submitted

4. A statement showing the
amount expended on wells &c.
during the past year is enclosed
for

Proceedings of the Local Fund
Board of the French Rocks Circle
at a meeting held at Soniana-
hally on the 12th August 1899

Mr. S.S.

Scarcity of drinking water
felt in all the Taluks and
estimates for well works aggregating
Rs 9338/- are pending in the —
President's Office for want of funds.

The Board resolved to
apply to Government for a fresh
grant of Rs 10000/- to take up these
works and also allot funds re-
quired for incomplete works of
the past year.

Sir,

I have the honour to bring to your notice that already just at the outset of the dry season water is failing in many of the wells in this District and people are put to much inconvenience for water both for themselves and for their cattle. The drought is likely to become much severe in the course of a month or two. It would be a source of considerable relief if wells can be sunk or old wells deepened in places where the need may be very urgent.

2. I shall therefore feel obliged if you will
place

place the matter before Government and procure if possible a special grant of Rs 12,000/- for this purpose from Local Funds General. The amount available out of the ordinary District Funds and the special grant of Rs 5000/- from Local Funds General already made have been already appropriated to a great extent and it is not enough to meet all the necessary demands under this head.

2. I solicit ^{the favour of} very early orders in the matter.
